THE BLASTING YESTERDAY.

In getting down to business now that they are organized, change. the new City Council will do well to take steps immediately to see that there is no repetition of such blasting as occurred yesterday in the lane near Fifth street. A shower of rocks of all sizes, coming through the air with tremendous velocity, amid the many pedestrians in Sixth street; from a blast over a block away, resulting in no killed or seriously injured, certainly appears to be the most miraculous escape of the long list the city has shown.

We cannot avoid the blasting, but certainly something can be done to avoid placing the lives of the citizens in jeopardy in such a manner.

It is only a little more than two weeks ago that over 300 pounds of dynamite was left lying in a manure pile near Morse Creek, yet so far no attempt has been made to locate the guilty persons.

By all means, let the handling of dynamite be looked into. The work near Fifth street is being done by the city by day labor, and it is up to the Council to take immediate steps to see that such handling of blasts is stopped.

MR. REAL ESTATE MAN CAN YOU TAKE A HINT?

The following is a sample of a kind of letter The Daily News frequently receives. This one is from a man in Alberta

Dear Mr. Editor:

Me and some friends of mine would like to buy a few city lots in Prince Rupert, but we don't know anyone at present in Prince Rupert, so we have written to ask if you would be kind enough to send me on your daily paper, as I am told it advertises the most city lots and property for sale in Prince Rupert, for which I send you on some stamps. Hoping you will oblige us, and apologizing for the trouble. Yours respectfully,

THE DAILY NEWS has the biggest circulation of any paper in the district. It is all bona fide circulation too. It enters the homes of real estate investors in every leading city in Canada as well as England and the United States.
