EXPULSION AND EXCLUDE ALL ENEMY ALIENS, SAYS LLOYD GEORGE IN SPEECH DECLARING HIS POLICY

Would Have Crown Heads Responsible for the War Tried by an International Court. Winston Churchill states Britain will Demand Absolute Abolition of Conscription in Europe.

(Special to The News via G. T. P. Telegraphs.)

London, December 6.—David Lloyd George, the British Premier, made a statement of his post war policy in an election campaign speech last night. In it he declares that the men responsible for the war cannot escape the consequences to themselves, simply because their heads had been crowned. He was emphatic in that they must be tried for their actions by a court constituted by international jurists.

Another plank in the platform of the British premier, which is of very considerable interest, is the expelling and the excluding of all enemy aliens for a long period from entrance within the British Empire. Lloyd George declared himself distinctly in favor of the expulsion and exclusion of all such alien enemy subjects.

NO MORE CONSCRIPTION IN EUROPE, BRITAIN TO DEMAND AT CONFERENCE

(Special to The News via G. T. P. Telegraphs.)

Dundee, December 6.—The British representatives to the Peace Conference, which will be shortly called to decide the terms of the peace of Europe, will demand the general and absolute abolition of conscription throughout all Europe. Winston Spencer Churchill made this announcement in an election speech here last night. This will apply to all neutral countries as well as to the belligerent nations.

PRINCE RUPERT MILL NOW STOCK TAKING

Closed Down Last Night Following
Cancellation of Munitions
Board Contract.

The Prince Rupert Lumber mill closed last night following notification that the contract with the Imperial Munitions Board had been cancelled.

Asked regarding the intention of the company, Manager Doby this morning stated that the purpose of the shut down was to give an opportunity to take stock following the closing of the spruce contract. Just when they would start again he could not say, but it was quite possible they would open up after taking stock. They expected to do a commercial business but naturally there must be some delay in making adjustments.

WOMAN FAILED IN OPPOSITION TO MR. ASQUITH

Papers Were Irregular—T. P. O'Connor Elected Member of House of Commons By Acclamation.

HORATIO BOTTOMLEY IS AGAIN CANDIDATE

(Special via G. T. P. Telegraphs.)

London, Dec. 6.—The second day of the British nominations, while not as strikingly interesting as the first still were followed closely by the British public, who quickly snapped up the newspapers containing the announcements as they appeared on the streets, both in London and the provincial towns. In local interest it overshadowed the prospects for the peace conference, the visit of President Wilson, or the announcements of Winston Churchill in Ireland.

Ex-Premier Asquith was to have been opposed by a woman, Mrs. Hope, as retaliation for his former attitude toward the suffrage movement. The lady's name was not put in nomination, however, yesterday, as her papers were found to be irregular, and were rejected by the returning officer.

Horatio Bottomley, editor of John Bull, who yesterday secured his discharge from the bankruptcy court, was nominated. He has been a member of the House of Commons for a long time.

Among those elected by acclamation were T. P. O'Connor, the veteran journalist, friend of Lloyd George and Irish statesman; Spencer Leigh Hughes and Kennedy Jones.

FRIENDLY APPROVAL

(Special by G. T. P. Telegraphs.)

Buenos Ayres, Dec. 6.—The American Government has informed Peru that she may count upon the friendly approval of the United States in efforts to obtain a plebiscite in the provinces of Tacna and Arica, provided for in the treaty of Ancon.

MAKE PROHIBITION PERMANENT LAW

(Special via G. T. P. Telegraphs.)

St. John, N. B., Dec. 6.—In an annual session here, the New Brunswick Temperance Alliance passed a strong resolution in favor of steps being taken at Ottawa to see that the war measure of Dominion prohibition be enlarged into direct prohibitory legislation at the next session of Parliament.

TROPICAL HURRICANE AT HAWAIIAN ISLANDS

(Special via G. T. P. Telegraphs.)

Honolulu, Dec. 6.—The Island of Oahu, on which Honolulu is situated and adjacent islands are recovering from the worst tropical hurricane that ever visited the Hawaiian group. Thousands of trees on Oahu were blown down, the street car service was brought to a standstill, all wires were prostrated, and many wooden houses partly stripped. The sugar cane crop on the island of Oahu was said to have suffered \$250,000 damage. Reports have not been received from neighboring islands but it is believed the damage was proportionately heavy. The only loss of life reported was the drowning of a Japanese.

VICTORY LOAN TOTAL IS AN IMMENSE SUM

(Special via G. T. P. Telegraphs.)

Toronto, Ont., Dec. 6.—There have been further reports made by the different provinces which bring the total for the second Victory Loan up to \$687,077,500, with 1,087,879 subscribers. The returns are not yet by any means complete, and the above total will without doubt be increased.

TROUBLE GROWS BETWEEN PERU AND CHILI

Hostile Demonstration in Peruvian Capital—Other Consuls Take Peru's Interests In Chili.

BOUNDARY DISPUTE GROWS IN TENSION

(Special via G. T. P. Telegraphs.)

Santiago, Chili, Dec. 6.—The Chilean consulate at Callao, the port for Lima, reports that there have been hostile demonstrations by the populace against Chili. The rupture of relations between the two countries is regarded as so imminent that the Bolivian consuls are already in charge of all Peruvian interests throughout Chili, except at Iquique and Antofagasta, where the French consuls have taken the interests of Peru under their care.

MUNITION WORK STOPS

(Special via G. T. P. Telegraphs.)

Ottawa, Dec. 6.—Within ten days' work upon contracts for munitions for the British and United States Governments placed in Canada by the Imperial Munitions Board, will have stopped.

Nathan Scheinman, late of the Acme Importers Ltd. here, returned to Vancouver last evening.

WILSON WILL ASK BRITAIN TO ABANDON SUPREMACY AND POOL NAVAL STRENGTH

WANTS ARMED CAMP SPIRIT REMOVED FROM THE WORLD AND INTERNATIONAL NAVY ESTABLISHED—IF PROPOSALS REFUSED STATES WILL GO AHEAD WITH BIG PROGRAM

(Special to The News via G. T. P. Telegraphs.)

Washington, December 6.—America's army and navy program will depend largely upon President Wilson's success or failure in securing the adoption of his plan of non-militarism while abroad. What he wants, as generally outlined, is to have Britain abandon her idea of unbridled sea supremacy. He wants her to pool her naval strength in an international navy. He opposes any idea of an American-British navy. At the same time he wants the armed camp spirit removed from the world with respect to army power.

If England refuses to hearken to his program as to naval armament, this Government will go ahead with the program destined to make the United States equal, and perhaps superior, to England on the seas. If England does agree to President Wilson's proposals it is likely that this Government will relax some with its plans for the future.

BRITAIN'S DAY IN THE UNITED STATES BEING CELEBRATED

New York, Dec. 6.—In honor and recognition of Great Britain's sacrifices in the war, today is being observed as Britain's Day all over the United States. Proclamations by the governors of states from coast to coast have called upon the citizens to mark this day with a display of flags and with adequate ceremonies.

SALMON WORTH \$8,000,000 IS FOR BRITAIN

Canada Food Board Denies that Canadian Government is Holding Up Stocks in This Province.

(Special via G. T. P. Telegraphs.)

Ottawa, Dec. 6.—The statement that the Government had purchased eight million dollars' worth of canned salmon in British Columbia, which is still on hand unsold, is wholly incorrect, according to the Canada Food Board. The purchase was made on behalf of the British Ministry of Food upon terms determined by the war purchasing commission. This salmon had all been shipped and the terms of payment must have been complied with. There is still a small amount in dispute to be arranged as a matter of settlement. It was a purchase regarding which the Government of Canada had nothing to do, except as acting as an intermediary, there being a difference as to price between the purchasing agency and the salmon canners. British Columbia salmon canners wanted a price considerably higher than the Washington state prices, but the recommendations of the Canada Food Board providing for an adjustment were confirmed by the Dominion Government.

ALL MILLS NOTIFIED STOP CUTTING SPRUCE

The Imperial Munitions Board has notified all the mills in the neighborhood that they are to stop cutting aeroplane spruce for a few months. There is nothing definite as to the termination of the contracts nor as to whether the work will be resumed, but the understanding is that arrangements will be made later for the manufacture of the logs which are now in the water and in the woods.

The amount of spruce which has been felled but which is not yet manufactured into lumber is variously estimated at from fifty to one hundred million feet on the Queen Charlotte Islands alone. This will have to be used before very long as it will quickly spoil.

ASKING GOVERNMENT TO LOOSEN ITS HOLD

(Special via G. T. P. Telegraphs.)

Atlantic City, N. J., Dec. 6.—It was apparent from action taken by many groups representing hundreds of industries and branches of business that strong appeals will be made to the Government to loosen the hold it took on business during the war emergency and resolutions in support of such measures will be reported at today's reconstruction congress which is being held under the initiative of the Chamber of Commerce of the United States.

NEW TRIAL ASKED

(Special via G. T. P. Telegraphs.)

New York, Dec. 6.—A new trial for Thomas J. Mooney was demanded in resolutions adopted last night at a meeting held by Cooper Union under the auspices of the Central Federated Union to raise funds in his behalf.

Herman Hill of the United States Customs staff, sailed last evening for the south en route to take up his new duties as deputy collector of Customs at San Francisco.

MANY CASUALTIES IN EXPLOSION AT POWDER FACTORY

(Special via G. T. P. Telegraphs.)

Pompton Lakes, N. J., Dec. 6.—Eleven men were killed and 23 injured here late yesterday by four explosions which destroyed the detonator assembling building of the Dupont Cap Works. The force of the explosion shook the country-side for miles around. The fire which followed the explosions was confined to one unit and the property loss was slight.
