"How do they do it?"

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertisements. Are you?
