Cloudbursts and Heavy Rains in Alberta are Heaviest in Six Years

lood of Waters Washes out Roads and Goug s Ditches Fifteen Feet Deep: Arrowwood Cloudburst Five Inches in 40 Minutes

CALGARY, Sept. 2 .- With every river in the province risng to a greater degree than has yet been seen this year, even uring the spring high water, and reports of cloudbursts from he south, almost the entire province south of Edmonton witessed during the past 36 hours more rain than the country has xperienced in the past six years. Three inches was the record the Calgary meteorological station at midnight.

In the Arrowwood district there was a cloudburst yesterday ith total precipitation of five inches in less than forty minutes. The main irrigation ditch between

Carsland and Arrowwood raised

four feet in a short time, the

flood waters washing out the

roads and gouging out ditches

fifteen feet deep in some high-
