Feeling of Relief At Closing of War.

Yesterday many women sat down and wept when they heard the news of the signing of the armistice. They did not all cry for joy. Some wept because in the getting of the peace there had been so many fine young lives snuffed out. Few people but took some time to realize exactly what was meant by the news. For so long the war had been with us that to take it away seemed like taking something from our lives which please heaven will never return.

There is today a feeling of relief at the thought that all the fighting is over and the splendid men who have fought for us are to return. When they come back they will receive a hearty welcome.

Loan Must Be Fully Subscribed.

In spite of the fact that the war is over there is much to be done and money is still needed. As a thank offering everyone should make an effort to purchase all the bonds they can. The money will all be needed.

Financial men who profess to know, declare that the price of money will drop in the near future. Interest rates will come down very considerably, and then it will be found that the people who have bought the last Victory Loan bonds will be making money. They will sell well above par on the stock market and will be a good investment. If there is no feeling of thankfulness nor of loyalty there at any rate will be a desire to get a good investment. That it will be, and for that reason the financial man will buy all he can. It was as an investment that a Winnipeg merchant purchased three million dollars' worth a few days ago and the life insurance company did the same. There will be no income tax to pay on the interest and that means a great deal.

Public Service Aim in Business.

It is noticeable how many visitors who have the business instinct look with favor on the prospects for Prince Rupert. They say that the time is not far distant when the city will have ten or fifteen thousand inhabitants and when that time comes everyone knows that she will carry herself forward. Boosting will be needed. The building up must be gradual. We cannot jump into prosperity all at once. Every town has its dull times and its season of prosperity. We are on the wave which is carrying us forward and with a unity of purpose on the part of the citizens we can reach a point where the going will be easier.

Public service is necessary in any city. Here in Prince Rupert report has it that there has not been quite so much effort to give real service as to grab all that is possible while the going is good. A business is not built up that way. The method to be adopted is to make every effort to serve the public, having that in mind all the time rather than the making of big profits. That is good business. That is the doctrine which the Rotary Club seeks to instill into its members and it works. It is not simply an ideal. It is practical business.

Housing Conditions Should Be the Best.

The influenza epidemic has drawn attention to the housing conditions in some parts of the city. They have not always been of the best. It is not knocking the city to say that they are decidedly bad in some quarters. That is part of the history of every new town. The way to improve is to have a rigid inspection and to see that the old shacks which are not improved and kept up to date are pulled down. In Victoria and Vancouver they are continually cleaning up. Every few months the City Council condemns certain buildings and they have to be destroyed. In their places spring up clean and sanitary places that are a credit to the city. The work is done gradually and systematically, beginning with the worst and moving steadily up. Something of that sort might well be done here. We cannot afford to allow people to live in unsanitary surroundings because they become a menace to the rest of the community.

INFLUENZA GERMS CAN BE SWALLOWED BY WHOLESALE

No Danger of Contracting Influenza.

So states a well known Vancouver doctor who offers to swallow a capsuleful every day for a week.

The Doctor is right.

With plenty of fresh air, good nourishing food and a table-spoonful of KENNEDY'S TONIC PORT four times daily you can keep your body strong and thoroughly fortified against the ravages of influenza, asthma, bronchitis, colds or coughs.

BIG DOCTORS PRESCRIBE IT.
DRUG STORES SELL IT.

Oh say! The News Print Shop does its work about as cheap as most shops and quite as well, gives you the work on time whenever possible and hands it out with a pleasant "Thank you." What do you say to giving them a trial on your next job?

Keep up the Food Supply and Help Make Victory Sure

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unflinching flow of food to England and France must be maintained.

This is National Service—
Not to the Farmer only—
But to YOU—to everybody—
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.
