## ATHOL FRASER GOING BACK TO ONTARIO

Athol Fraser, one of the oldest of old timers in this northern part of Columbia, is returning tomorrow to his old home in Ontario, at Horning's Mill. Mr. Fraser has been in British Columbia for the past forty years, and there are few camps of any importance in which he has not been. Australia has also known Mr. Fraser, but could not hold him as B. C. has.

He is now going to spend the next few months in his home county, where the farmers now are rich, with wheat at \$2.25 and corresponding high prices for every other natural product.

## THE POLICE COURT

The abatement of the influenza epidemic resulted in the disposing of a case in the police court which has been adjourned from time to time because of the sickness of the interested parties. William Crossley, a boy, was charged with the theft of a bicycle from the King Edward School. First this boy was sick, and then the boy whose bike it was, was taken ill. Today, however, the matter was adjusted by the Crossley boy taking the bicycle that was stolen, and paying \$43, the costs of a new one.

A. Erickson, a Scandinavian, was charged with being drunk, and with the breaking of a plate glass window of a store in the Empress Hotel block. He was fined \$10 for being drunk, and was ordered to pay the cost of the broken window, which is \$25.

Andrew Carlson, another drunk, was still too much indisposed to appear in court this morning.

The other men have done the fighting. What about the paying? To buy five and a half per cent. Victory Bonds free from income tax is an easy way to pay a big debt.

The body of John K. Muir of Hazelton arrived in town last evening and was shipped to Nanaimo for interment. The deceased was operator of the government telegraphs in the interior.

W. C. C. Orchard has received reassuring news of his family who are all sick in Edmonton with influenza. His son Fred is doing well now, and Mrs. and Miss Orchard will be around again soon. Fred Orchard is specialty agent in Edmonton for the firm of W. H. Malkin & Co., Vancouver.

The condition of the patients at the Borden Street Hospital continues to be satisfactory. One was discharged yesterday and many more will be ready for going home tomorrow. By the beginning of the week, it is expected that there will be but one or two of the more serious cases left.

This morning a Hazelton Indian, who had been working on the Kaizen section, was brought into the Salvation Army barracks suffering from influenza. All the other patients there have been discharged and had it not been for this case arising, the citadel would have been closed as a hospital today.

The remains of the three-year-old child of Mr. and Mrs. Taper, of Pacific, were brought to town on last night's train for burial. The funeral will take place tomorrow from the chapel of the B. C. Undertakers, and the services will be conducted by the Rev. Canon Rix. Mr. Taper is locomotive foreman at Pacific.

Provincial Constable Logan has gone to Alice Arm to investigate the theft of quantities of provisions belonging to the Taylor Engineering Co., who were building the railroad there. They had it practically completed when they were compelled to assign, and the men quit work. Large quantities of foodstuffs had been left at the various camps along the line, and no one is in charge, the camps being deserted. Large quantities of flour, etc., and other perishable commodities are in danger of being destroyed for lack of proper protection from the elements and from marauding wolves, etc. The company have been communicated with in this respect.

## PRINCE GEORGE

The influenza at this point has abated considerably but there are still a number of cases serious. Several members of the city staff who have been laid up are back at work, but there have been a number of deaths, including that of little Jack Lockyer, a daughter of Mrs. N. C. Jorgensen.

The death rate has been particularly heavy among the Indians, several deaths in the local tribe having occurred during the past few days. Among the victims are Louis, chief of the Fort George band, and Joseph Qua, sub-chief, and his son and daughter. Louis has been in poor health for some years and fell an easy victim. The death of the Qua family was particularly sad. The father, son and daughter had left the Indian village to escape the possible contracting of the disease and were camping up the Fraser a few miles from the village. Nothing having been heard of them for some days, a search was instituted and their dead bodies were discovered in the tent.

The thirteen-year-old son of Mr. and Mrs. Hunt of Aleza Lake, was accidentally killed in a shooting accident a few days ago. He pulled a .22 rifle towards him in a boat, taking it by the muzzle and it went off, the bullet entering his side and coming out at the breast and killing him almost instantly.

Carl Johnson, of Evelyn, has been arrested and brought here by the Dominion police for evading military service.

"Have been called for military service. What steps shall I take?" wired a Prince George brakeman to the G. T. P. headquarters a couple of days ago. Promptly came back the reply: "Take military steps."—Prince George Citizen.

Messrs. A. E. Munn and J. M. Dempsey, who are operating logging camps on Cumshewa Inlet, left last evening for Vancouver.

If you can't fight, dammit, you can lend your money to strafe the Kaiser. Buy Victory bonds. 11

Miss E. Shrubbsall sailed last evening for Vancouver.

## SYNOPSIS OF

### LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land. Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emption must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where a pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 40 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

## TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.
