THERE'S ONLY ONE FAULT

To be found with Greener Guns. THEY LAST TOO LONG. Mr. J. A. Penn of Columbus, Ohio, writes on Feb. 23, 1911: "The old Greener gun won me the championship of West Virginia some years ago at Wheeling, W. Va., and could not be bought at any price, and this after twenty years' continuous service. I have been a life-long friend and admirer of the Greener gun and shall continue to be."

This is not an isolated case, there are many instances on record where GREENER GUNS have been in use twenty, thirty or more years without costing their owners a cent for repairs.

It will pay you to invest in a Greener gun, our new list describes thirty-eight grades. Let us send you a free copy.

GROUNDHOG MOUNTAIN

Coal Fields Cover Large Area—
Attracting Considerable
Attention.

Reports which have been made by Campbell-Johnson and other mining engineers upon the coal fields of Groundhog Mountain are calculated to excite considerable attention. The location of these measures is about 150 miles north of Hazelton at the head of the Skeena River and about 90 miles from the water at Stewart, the head of Portland Canal. The area comprised is about 70 miles in length and 30 miles in width and it is estimated that the whole of this territory is underlain with coal of anthracite quality. Mr. G. S. Mallock, of the geological survey, who spent the whole of last summer in making an examination of this field, states that the formation has a thickness of about 3,000 feet and contains coal in commercial quantities near the top and bottom only, the intermediate beds containing thin seams. The upper section of the beds contains seven seams of a thickness varying from 2 feet to 6 feet, and as far as is at present known is limited to an area of about 20 square miles. The lower section contains at least three seams from 4 to 6 feet thick, and extends over most of the area occupied by the coal measures. It is evident from these facts that the development of a big coal field here is merely a question of time and transportation, and makes intelligible the desire of Sir Donald Mann to push the present Portland Canal short line through to the Groundhog basin.—Vancouver World.

Scottish Cup Games

The first round of the Scottish Football Association cup matches resulted as follows:

Hearts of Midlothian 0, Hibernians 0.

Leith 3, Ayre United 0.

Broxburn Athletic 6, Leith 0.

NOTICE

Notice is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia at its next session for an act amending Section 3 of the British Columbia & Alaska Railway Act, 1910 (Ch. 56, Statutes of British Columbia, 1910), by striking out all the words after the word "Columbia" in Line 10 of said Section and substituting therefor the following:

"And from Port George in a northerly direction to the valley of the Parsnip River by way of Fort McLeod, thence along the Parsnip River to a junction with the Peace River, thence along the valley of the Parsnip River through Sifton Pass, thence down the Stikine River to a junction with the main line at Telegraph Creek; also powers to build branch lines either through the Parsnip or Peace River passes to the eastern boundary of British Columbia, or by way of the most feasible route, or in the alternative by the most feasible route between Lytton and Teslin Lake, also to build from a point on said line of railway to the City of Vancouver or from the City of Vancouver to a point on said line, by the most feasible route."

And further, for an act extending the time within which the company has to commence construction and expend ten per cent of its capitalization.

Dated at Victoria, B. C., this 5th day of December, 1911.

ROBERTSON & HEISTERMAN,
Solicitors for the Applicants, the British Columbia & Alaska Railway Company.

**S.S.
Prince
Rupert****= THE COSY CORNER =**
DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will find a social need.

Editor of Cosy Corner:

Sometimes I think it is a man who puts together your cosy column and then again there are dainty feminine touches that contradict this impression. Which ever or whoever it may be, I hope you are really taking notice of how really up to date Prince Rupert is growing to be. Did you notice the costumes yesterday and today the soft Chinook and brilliant sunshine brought out? Is Prince Rupert up to date? Well! Why, we don't have to wait for Paris. We follow the weather, and today it is summer weather with not a bit of snow on the hills. Or only a teeny-weeny bit away-off in the distance just to emphasize and deepen the clear blue of the skies. Yes, we are strictly up to date. I enclose herewith sketch of two of the stunning "creations" produced by the glorious sunshine, which I noticed on Centre street.

FLOWERED DIMITY.

This was made from flowered dimity, in which lace plays an im-

ISABELLE.

portant role. A yoke of allover lace is bordered with a band of insertion, below which are three deep lace points, front and back. The cuff on sleeve is a band of lace insertion topped with two lace points. The newest feature of this blouse, however, is the peplum, which has an inset band of insertion all around. The joining to blouse is made under a girdle of black satin.

YOUNG GIRL'S BLOUSE.

She was a dainty little creature who wore this, and looked very pretty and picturesque, but no woman out of her teens should attempt to copy it, as it would then look like a caricature. It was made of a combination of soft materials such as voile, marquisette and silk casmere. The hand trimmings were of plain silk and matched the tie.
