PATERNAL GOVERNMENT AND OLD AGE PENSIONS

The debate on old age pensions in the House of Commons recently demonstrated clearly the new alignment of parties which has already proceeded very far in the United States and the first beginnings which are discernible in Canada. Some Conservatives and some Liberals favored the old age pensions; some Conservatives and some Liberals opposed this practical recognition of the claims of the worker when his working days are done to as least as good treatment as the humane owner gives the horse which has served him well.

Progressive Conservatives, men who see the signs of the times, recognize that unless both parties are one day to be superseded by two new parties, one representing the interests of the classes, the other those of the masses, legislation must be enacted which will give the great working population assurance that lives spent in useful toil shall not terminate in penury and misery. Reactionary Liberals, representing not the people, but the interests, fall in line with the stick-in-the-mud Tories in resisting any reform, whether it take the form of the abolition of oppressive taxes, workmen's compensation and employers' liability or public provision for workers in times of unemployment, sickness or permanent disability.

Unfortunately the Liberal leaders in this province of late years have been mainly of the type described. That is why they have been quietly but effectively thrown into the discard both by the electorate and the rank and file of the party. When leaders appear who have a policy worthy the name, who are prepared to trust the people and to lose their own political souls in order to save them, the Liberal party in the Province of British Columbia will have some chance of commanding public confidence—and not until then.

MR. REAL ESTATE MAN CAN YOU TAKE A HINT?

The following is a sample of a kind of letter The Daily News frequently receives. This one is from a man in Alberta

Dear Mr. Editor:

Me and some friends of mine would like to buy a few city lots in Prince Rupert, but we don't know anyone at present in Prince Rupert, so we have written to ask if you would be kind enough to send me on your daily paper, as I am told it advertises the most city lots and property for sale in Prince Rupert, for which I send you on some stamps. Hoping you will oblige us, and apologizing for the trouble.

Yours respectfully,

THE DAILY NEWS has the biggest circulation of any paper in the district. It is all bona fide circulation too. It enters the homes of real estate investors in every leading city in Canada as well as England and the United States.

Rome, Feb. 3—An immense monument to "Christ the Victor," it was learned at the Vatican today, will probably be erected here to commemorate the 1600th anniversary of Emperor Constantine's acceptance of Christianity as the official religion of the world. It is planned to solicit subscriptions from Roman Catholics all the world over.

Australian Government Curing Drink Habit Adopts Famous NEAL CURE

Sending Sunshine and Happiness Into Hundreds of Darkened Homes Instead of Inflicting Fines or Prison Cells Upon Her Unfortunate Citizens

The government of South Australia has set an example worthy of imitation by the other nations of the world. Owing to the extent, enormity and the awful consequences of the drink habit, they have for years past been investigating its cause, effect, treatment and possible cure.

In the year 1910 Rev. A. C. Rankine, commissioned by that government, visited the United States, and after a thorough investigation of drink habit treatments, returned to his government last September and gave a detailed and lengthy report recommending the adoption of the NEAL THREE DAY DRINK HABIT CURE. The government of South Australia adopted his report, and established the cure in a large government sanitarium, where those addicted to the drink habit are treated at government expense, instead of being fined or sent to prison cells.

During the first ninety days 182 persons so afflicted were perfectly cured by the Neal treatment at government expense and restored to citizenship. In addition to this, reports show that more than double that number availed themselves of the Neal treatment in private sanitariums in Australia.

Scientific research and investigation of the centuries has recently culminated in the establishment of the fact that the drink habit, so called, is caused by the poison of alcohol stored up in the system by the long continued or excessive use of alcoholic liquors, and that the man or woman thus afflicted is as much in need of and must have medical help as if suffering from typhoid fever or other serious ailment. Dr. Neal has solved this problem. He has not only demonstrated the above, but he has found the drug which antidotes this poison, and, combining same with other well known neutralizing and eliminating drugs, he has originated the Neal treatment, which, in thousands of cases, has perfected absolute and satisfactory cures in the short space of time of only three days.

The Vancouver Neal Institute is one of the many that is carrying on this good work, and grateful patients every day attest to the efficiency of the Neal treatment.

If in need of help yourself or if you have a friend who is losing his grip, write for booklet giving full information.
