## MONTE CARLO FOR BERMUDA

British Islands Turn Down with Scorn Proposition of Syndicate of American Capitalists to Erect Gambling Palace.

Hamilton, Bermuda, Feb. 14.—A proposal made by American capitalists to transform the British islands of Bermuda, 700 miles out in the Atlantic from New York, into an American Monte Carlo has been summarily rejected by Governor Sir Walter Kitchener, brother of Viscount Kitchener, and the Bermuda parliament. It is reported that the Oceana, sailing from New York for this port, will bring another American promoter to the islands with a proposition to establish a big race track here. This project may be received with more favor, but it, too, is likely to be rejected. The tourist traffic to the "Lily Isles" has more than tripled in the last three years, and it is the consensus of opinion among the visitors that the chief charm of the colony is the absence of modern peace destroyers such as railways, trolleys, automobiles and daily newspapers. It was for this reason that a company of Canadian capitalists were refused a franchise for building an electric line to connect the various sections of the islands.

It is said that tentative offers of a million dollars a year were made by the backers of the American Monte Carlo scheme. It was proposed to build a \$3,000,000 casino, the most beautiful "gambling hell" on earth, and thus save Americans who wanted to woo the goddess of chance a twelve day trip to the Prince of Monaco's realm.

## IS SENATOR AT LAST

Former Member for Shelburne Had Long Time to Wait.

Ottawa, Feb. 10.—The vacancy in the Senate, caused by the death of the late Hon. Thomas McKay, will be filled by the appointment of N. W. White, who was member of Parliament for Shelburne, N. S., from 1891 to 1896. This will be, in the eyes of Conservatives, another case of restitution. Mr. White was nominated to the Senate by Sir Charles Tupper, after the defeat of 1896, and was among those whose appointments were vetoed by Lord Aberdeen. It has been a long wait, but he will get into the red chamber at last.

JUST HEAR THOSE ANVILS RING! FOUR SMITHS ARE IN THE SENATE.

HOKE E. D. W. ALDEN J. W.

The Smith family put one over on the Joneses in a way both neat and nifty; and they now have four United States senators, who will see to it that the Smiths are properly represented in national legislation. There is William Alden Smith, the one-time newsboy, and who has worn the toga Michigan gave him some few years. John Walter Smith of Maryland has been in the senate since March 25, 1908. Ellison D. Smith came up from South Carolina two years later. The newest Smith is Hoke, the most progressive of them all, whom Georgia has just promoted. There's only one Jones in the Senate—Wesley L. Jones of the state of Washington.

## NEARBY FISH ENTERPRISES OF SIR GEORGE DOUGHTY

CANADIAN FINANCE REFERS TO ISSUANCE OF COMPANY'S PROSPECTUS AND WHAT RAILWAY WILL DO AT PORPOISE ISLAND.

There was recently issued the prospectus of the British Columbian Fisheries, Ltd., offering for subscription at par 125,000 cumulative 7 per cent. participating \$1 preference shares, being part of an authorized capital of £250,000, the balance of £125,000 being in the form of £1 deferred shares. The preference shares will be entitled to equal participation with the deferred shares in any profits remaining after the statutory rate of 7 per cent. has been paid on the preference capital.

The company has been formed for the purpose of acquiring certain freehold properties, together with fishing and canning licenses, in British Columbia, and to carry on at Queen Charlotte Islands and elsewhere the business of fishing, canning, curing, packing and the manufacture of flaked fish food, fertilizer, fish oil, etc. Licenses are, I am informed, held direct from the Dominion government, granting seining rights over an area of something in excess of

500 square miles of water, while the grounds covered by the herding licenses are stated to be amongst the most prolific on the Canadian Pacific coast.

The Grand Trunk and Grand Trunk Pacific railways have consented to provide for the company, at cost, the freehold of a large part of Porpoise Island, which practically joins the mainland, and possesses an ample water frontage, and also to put in such railway tracks as may be needed. Porpoise Island is generally regarded as likely to become the chief fishing port of the Pacific.

The chairman of the new company will be Sir George Doughty, M. P., who, for some years past, has acted in a similar capacity to the Northeastern Steam Fishing Company of this country. He, together with W. V. Doughty of Grimsby, will undertake the management of the new undertaking for a period of twenty-one years, and his arrangement is regarded as very advantageous to the company.
