## "SPLENDID BANKRUPT"

Ernest Terah Hooley, Notorious "Crook" Financier, Now in Prison for Comparatively trifling Offense in London.

(Canadian Press Despatch.)

London, Feb. 22. — Ernest Terah Hooley, who was one of the leading men in the financial world of London a few years ago, was sentenced at the Old Bailey to one year's imprisonment on the charge of obtaining money by fraudulently representing as free of encumbrances some property he had sold to the complainant.

Hooley was one of the leading financiers in England from 1890 to 1898, when he was declared bankrupt. In 1896 Hooley launched a tire company and made a profit of \$12,500,000. He owned many race horses and yachts, including the racing cutter Britannia, formerly the property of King Edward, and he possessed also several historical country stables.

After his bankruptcy he was known as the "splendid bankrupt," as he continued to live in princely style on money which had been placed in his wife's name.

President Yuan Shi Kai of China Sends a Note to All the Powers That Republic Be Recognized.

Pekin, Feb. 19. — Yuan Shi Kai has prepared a notification to the powers of his election as president of the Chinese republic and at the same time has requested their recognition of the republic. It is not expected, however, that recognition by the powers will be accorded until a cabinet has been appointed. The adoption of the western calendar has been given to the public by formal manifesto which replaced the imperial edict of the former regime.

### Lillian Russell's Patent Trunk.

Lillian Russell has been granted a patent on a trunk for actresses that combines a wardrobe, dressing room and other conveniences. The trunk is electrically lighted. Years ago, when airy fairy Lillian was a burlesque actress, and had only been married a few times, the matter of trunks for her wardrobe was a secondary consideration, and in case of emergency a pill box would answer.

## FOLLOW CANADA'S EXAMPLE AND MAKE PANAMA CUT FREE

New York, Feb. 20. — The World advocates a free Panama Canal. Editorially it says today:

"Canada has expended more than \$100,000,000 to provide ship canals from the Atlantic Ocean to the Great Lakes. It is a larger expenditure relative to population or resources than the United States will make at Panama. The cost of maintenance and improvements are relatively larger.

"Nevertheless, American vessels are allowed to go toll free through these costly Canadian waterways. The American tonnage through the Welland Canal is larger than the Canadian. The tonnage of both countries through the American and Canadian canals at the Soo is larger than that of the Suez and larger than that will be at Panama. But Canada rejects the policy of cost tolls or

profit tolls where they could be so easily collected. It adopts the policy of making its artificial waterways as free as the high seas. The United States does the same with its canal at the Soo.

"Can the United States afford to adopt a Panama Canal policy less generous to Canada or the nations than this Canadian canal policy is to the United States? Protests are being made in the Dominion Parliament against preferential tolls for the American ships in the Panama Canal. Canada has the right to protest. It has an equal right to ask for a canal without tolls, and this country will perform a world service of greater profit to itself than can be computed in money by adopting the policy of a free canal."

## Australian Government Curing Drink Habit Adopts Famous NEAL CURE

Sending Sunshine and Happiness Into Hundreds of Darkened Homes Instead of Inflicting Fines or Prison Cells Upon Her Unfortunate Citizens

The government of South Australia has set an example worthy of imitation by the other nations of the world. Owing to the extent, enormity and the awful consequences of the drink habit, they have for years past been investigating its cause, effect, treatment and possible cure.

In the year 1910 Rev. A. C. Rankine, commissioned by that government, visited the United States, and after a thorough investigation of drink habit treatments, returned to his government last September and gave a detailed and lengthy report recommending the adoption of the NEAL THREE-DAY DRINK HABIT CURE. The government of South Australia adopted his report, and established the cure in a large government sanitarium, where those addicted to the drink habit are treated at government expense, instead of being fined or sent to prison cells.

During the first ninety days 182 persons so affected were perfectly cured by the Neal treatment at government expense and restored to citizenship. In addition to this, reports show that more than double that number availed them-

selves of the Neal treatment in private sanitariums in Australia. Scientific research and investigation of the centuries has recently culminated in the establishment of the fact that the drink habit, so called, is caused by the poison of alcohol stored up in the system by the long continued or excessive use of alcoholic liquors, and that the man or woman thus afflicted is as much in need of and must have medical help as if suffering from typhoid fever or other serious ailment. Dr. Neal has solved this problem. He has not only demonstrated the above, but he has found the drug which antidotes this poison, and, combining same with other well known neutralizing and eliminating drugs, he has originated the Neal treatment, which, in thousands of cases, has perfected absolute and satisfactory cures in the short space of time of only three days.

The Vancouver Neal Institute is one of the many that is carrying on this good work, and grateful patients every day attest to the efficiency of the Neal treatment. If in need of help yourself or if you have a friend who is losing his grip write for booklet giving full information.
