## C. M. HAYS' BURIAL PRIVATE; RUMORS OF HIS SUCCESSOR

LATE PRESIDENT'S REMAINS TO BE LAID AT REST QUIETLY  
ON THURSDAY—UNOFFICIAL DESPATCHES STATE THAT  
SIR THOMAS TAIT IS APPOINTED.

(Special to Daily News.)  
Montreal, May 4.—The funeral of the late C. M. Hays will be held on Thursday afternoon and will be of a private nature at the request of Mrs. Hays. The body will arrive on Tuesday night or Wednesday.

Montreal, May 4.—Extra editions of two evening papers today published items that the directors of the Grand Trunk in London held a meeting and have chosen Sir Thomas Tait to be the successor of C. M. Hays. One paper attributed the despatch to the Associated Press. In answer to enquiry a wire came from New York saying that the Associated Press had sent out no such despatch, although it had heard from Canadian sources that the rumor was afloat. The Grand Trunk officials have stated that they have heard nothing of the matter and are inclined to be skeptical. They stated that no appointment is expected until after Mr. Smithers reaches Canada. Mr. Smithers is expected next week, with several other directors of the company. William Wainwright, acting president, is at present at Ottawa, and the officials of the Grand Trunk say that if such an appointment had

really been made word would doubtless be sent direct to Mr. Wainwright.

### Meeting of Tennis Club

A meeting of all ladies and gentlemen interested in tennis is called for Monday night at nine o'clock in the police court. It is necessary to have a limited number of members, and anyone desirous of playing tennis should be at this meeting, or send in their application for membership before that date. 31

### Presbyterian Services.

11 a. m.—In church hall, Fourth avenue, the pastor will conduct the service.

7:30 p. m.—In Empress Theatre, sermon by Rev. C. R. Sing. Strangers and visitors are cordially invited to the Empress Theatre Sunday evening.

The Ramble Club are planning another outing for Wednesday evening, next.

### The Nameless Dead

Halifax, May 4.—Fifty-nine unidentified from the Titanic disaster were buried today with impressive ceremonies, one hundred sailors of the Niobe taking part.

For a quick lunch. Royal Cafe.

### A VISITOR OF NOTE

Rev. G. W. Ray, Who Has Something to Relate in Rupert.

Rev. G. W. Ray, F. R. G. S., has arrived in Rupert to see the city, and while here under the auspices of the Baptist Church, he will tell Prince Rupert people something about the remarkable life of travel he has had. On Sunday night at 7:30, Mr. Ray will address the Baptist congregation on "Mission Work Among the Savages in South America," and on Tuesday he will further

lecture on his travels in South America. He is a fascinating speaker. His experiences alone are extraordinary, but he has also the gift of power to tell them, and he has curios to show which are of absorbing interest.

### INLANDER FIRST.

Hazelton, May 4.—(Special.)—The steamer Inlander, Captain Bonser, the first boat into Hazelton, arrived here early this morning with sixty tons of freight and seventy-five passengers. The Inlander made a record run and Captain Bonser declares this the most successful initial trip ever made on the Skeena. The Inlander leaves for New Town this afternoon.

The City of Seattle is due tonight from the south. She will bring the Bailey Stock Company, which will open at the Westholme on Monday.

### HAZELTON DEPOT SITE

G. T. P. Appeal Against Railway Board.

(Special to Daily News.)

Ottawa, May 4.—The cabinet today reserved judgment in the appeal of the Grand Trunk Pacific Railway against the order of the Railway Commission ordering the company to locate their station at New Hazelton, or the Kelly townsite in British Columbia.

The C. P. R. steamer Princess Ena arrived with gasoline and explosives. She is discharging at the powder wharf across the bay.

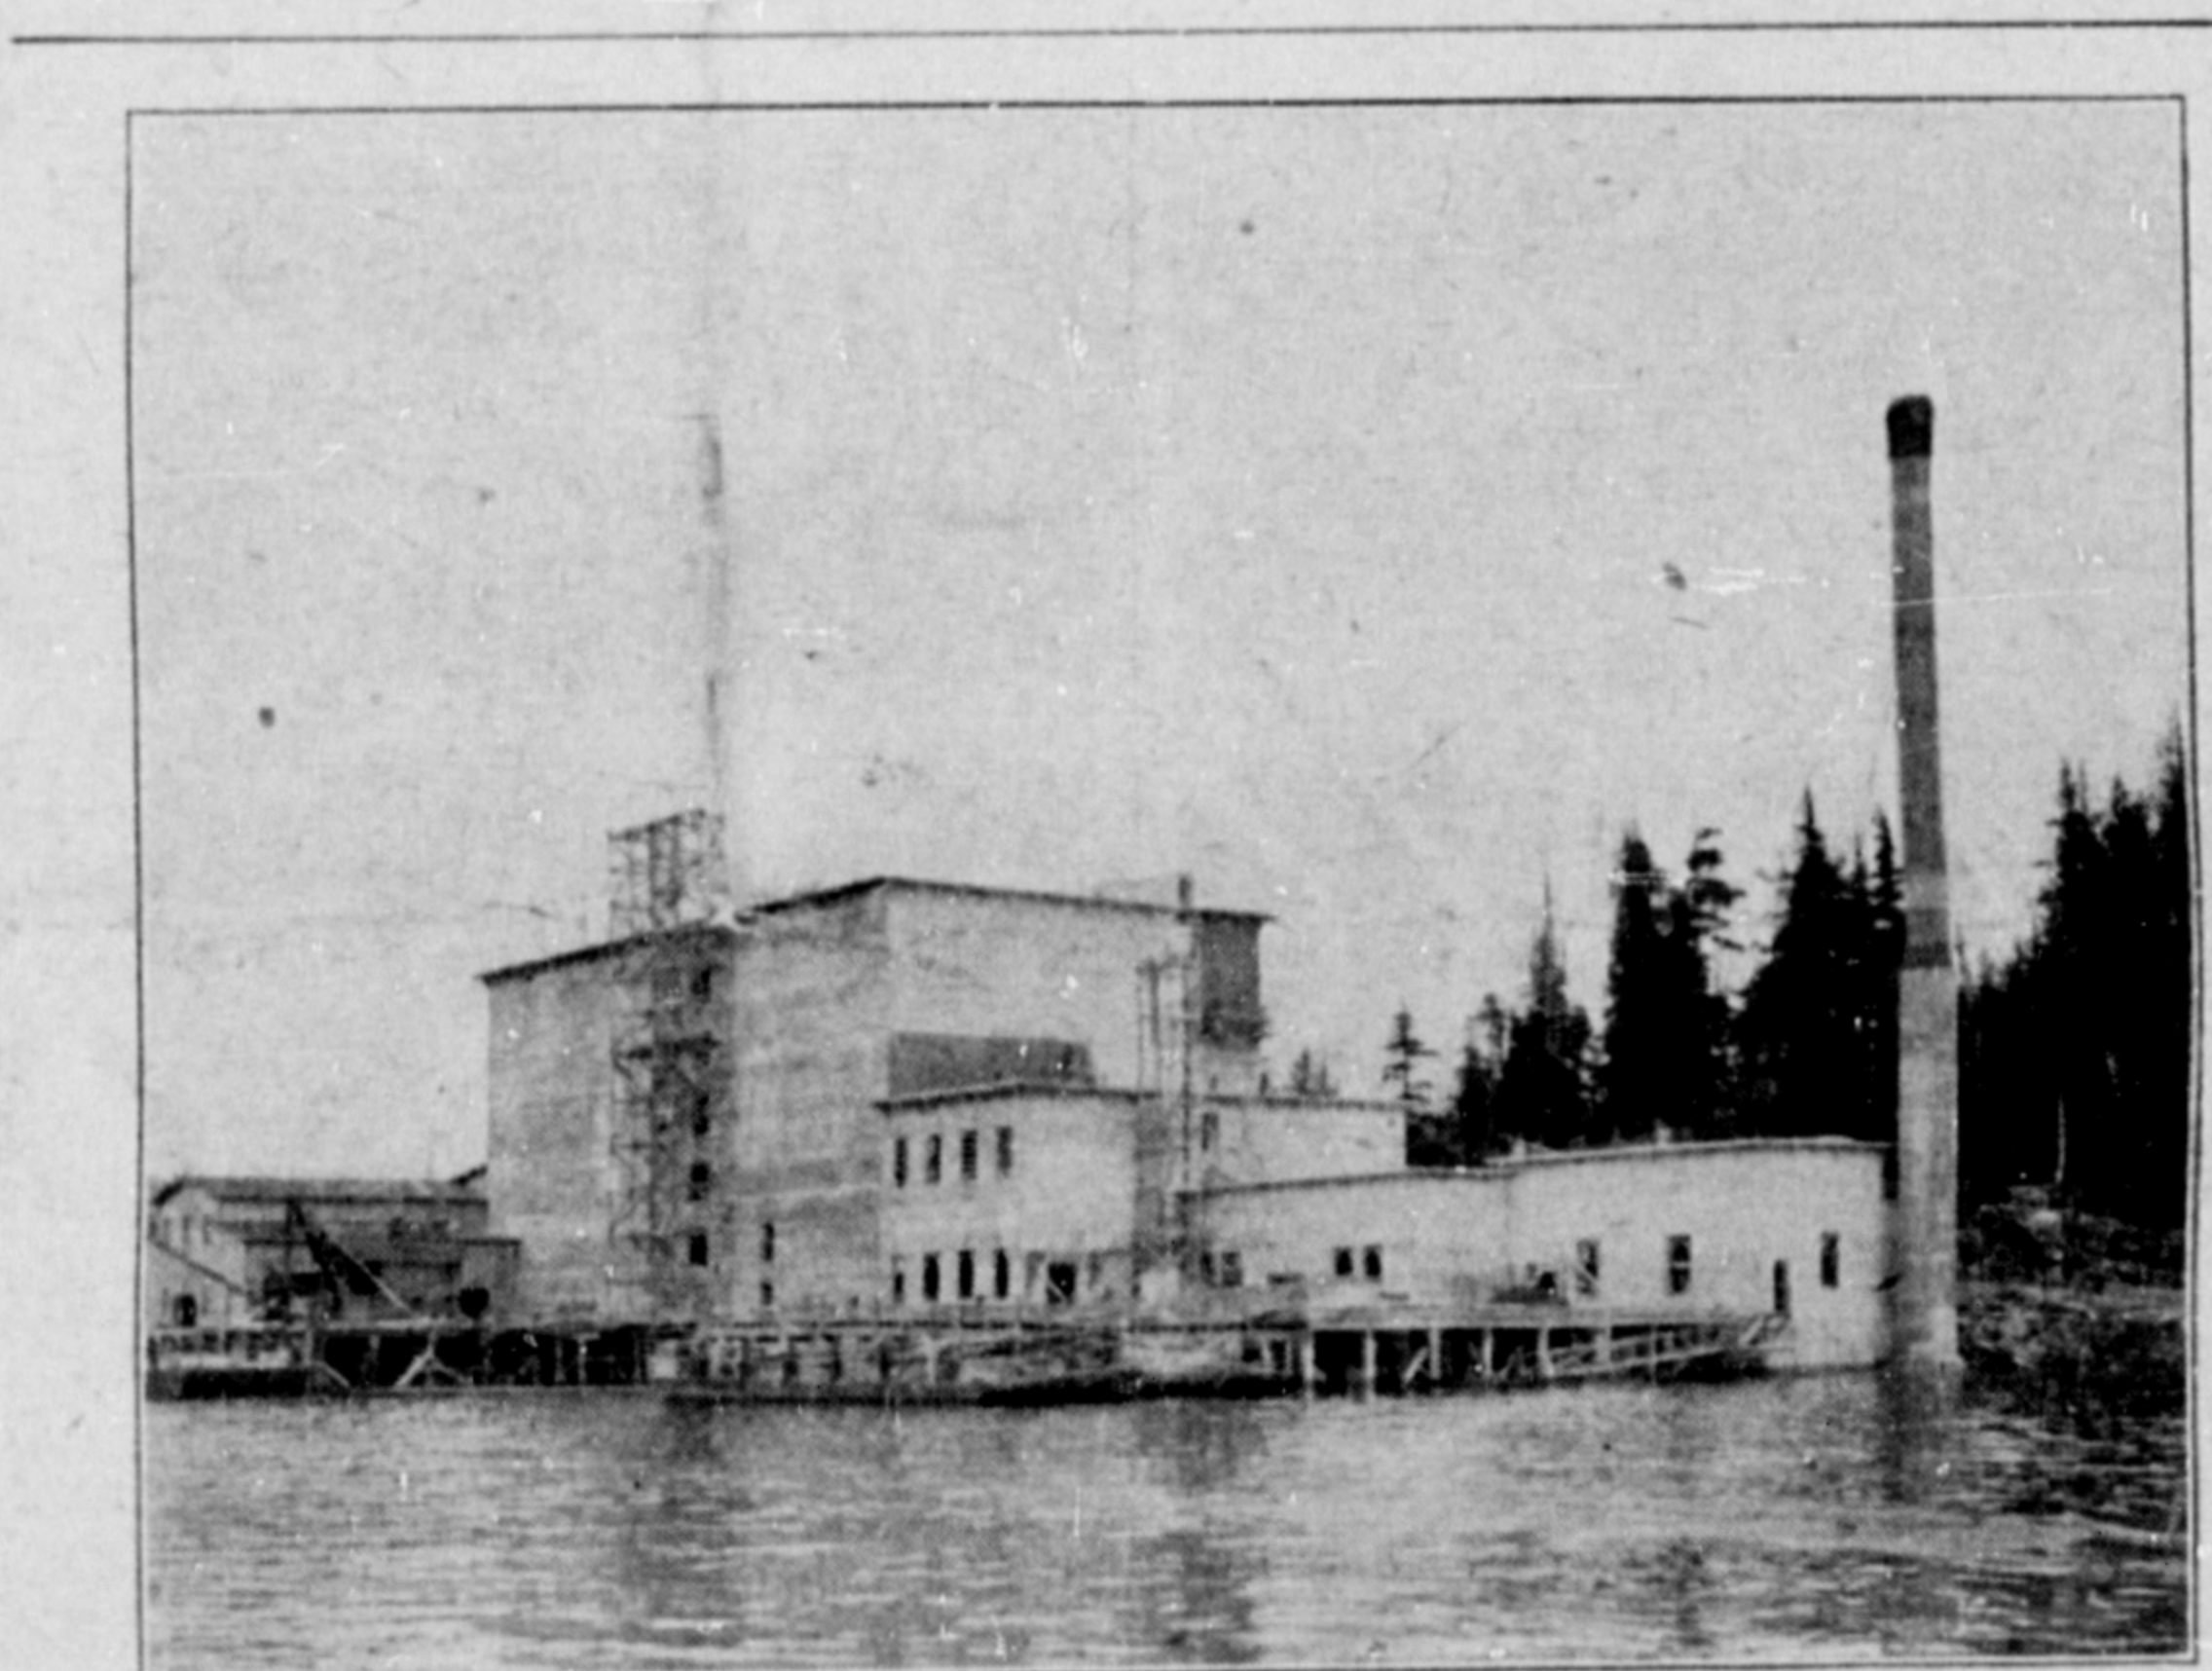

## MAYOR AND CITY COUNCIL VISIT THE COLD STORAGE

Manager G. H. Collins Shows the Party Over the Wonderful Building---All Are Deeply Impressed---Mayor Expresses Surprise That the Citizens Seem So Unaware of the Vast Extent of This Enterprise for Rupert

In the fine power boat F. H. Phippen, belonging to the Canadian Fish and Cold Storage Company, and on the invitation of Mr. G. H. Collins, manager of the company, the Mayor and members of the City Council yesterday afternoon went on a visit of inspection to the great cold storage plant at Seal Cove. The party embarked from the G. T. P. wharf and included the Mayor, Mr. Collins, Alderman Bullock, Webster, Alderman Douglas, Alderman Dybbavn, Alderman Morrissey, Alderman Clayton, with his brother, who is a visitor in the city at present, Dr. Reddie, medical health officer; Mr. J. Barnsley, Victoria manager of the Union and Boscovitz steamship lines, and several others, including the press men.

As the Phippen approached the cold storage plant three deep booms from the siren there were answered by the boat's siren, and almost immediately the party came within hearing of the cheerful strains of the Kitkatla Indian band, who stood with their silver instruments at the landing stage. The surprise arranged by Mr. Collins as a fitting welcome to the municipal party was very heartily appreciated. Mr. Collins introduced the Mayor to the company of musicians, who highly esteemed the honor done them, and the party then proceeded under the leadership of Mr. Collins to inspect the great plant now practically complete in main construction, though still under extensive process of finishing fitting for equipment.

From the boiler room, where the clever patent furnace feeders journey on their never ending round in the fire boxes carrying their burden of blazing coal, through the engine room with its two giant power producers, and on through the seemingly interminable maze of the freezing and cold storage rooms with their miles upon miles of piping for the ammonia vapor, the manager, lantern in hand, led the way. In the upper floors of the building the lantern was necessary, for

CANADIAN COLD STORAGE COMPANY'S PLANT VISITED BY THE CITY COUNCIL.

the cold storage system does not admit of windows in the walls, which have to be so thickly padded with cork and air-space tiles. To keep in the cold is almost as great a problem as to keep in the heat. But the freezing chambers will give an easy 20 degrees below zero from the start, and the other chambers will vary in temperature from zero to freezing point according to their contents. As Mr. Collins pointed out to the Council, the concern proposes to store produce, eggs, fruit, meat, etc., for the city merchants, as well as handling immense quantities of fish.

After being thoroughly impressed with the immensity of the interior of the building and its tremendous range of usefulness in its intended sphere, from the freezing of fish to the making of ice blocks, the storing of perishables, and the production, perhaps, of ice cream bricks for the fair ones of Prince Rupert, Mayor and Council emerged at length on the roof of the building and surveyed the vast view it commands. The Mayor was shown by Mr. Collins the site of the new cannery the company is establishing on the shores of Tuck's Inlet, which is going to be the largest on the Pacific coast.

Afterward the party repaired to Mr. Collins' own rooms, where the genial manager treated the company with the height of hospitality, according to high-land standards, and also talked most interestingly on financial matters in special reference to the city's financing, which Mr. Collins considers well handled by the Bank of Montreal. Later Mr. Collins ushered the party to the launch and they returned to the central district of the city very deeply impressed with all they had seen. To the Mayor the most surprising thing is that the citizens generally should seem so unaware of the tremendous extent of the work undertaken out at Seal Cove. It really is far greater than most people imagine.

You can get a choice pre-emption in the Naas valley NOW. I can take you up there, and furnish a guide. —W. A. Myers, Hotel Central, city. 21

## SECTION TWO MAY BE GRADED OR PLANKED WITHIN SEASON

EVIDENT DETERMINATION OF OWNERS TO DEVELOP THEIR VALUABLE PROPERTY EVINCED AT LAST NIGHT'S MEETING TO RECEIVE WAYS AND MEANS REPORT.

Section Two is alive. Last night's meeting to discuss the report of the ways and means committee was well filled. Full time was given to the report, which was presented by W. Lynch, and was very full and explicit. President Lee Baker proposed that it be discussed clause by clause, and this was done. Accurate figuring of the cost of developing the section by Mr. Ferguson, civil engineer, was included in the report, which embodied three schemes of local improvement. The first proposed includes all of Second avenue through the area covered by Section Two.

Another local improvement area suggested was Graham avenue and Moresby avenue, which make a complete circle around the district. A third district was that embracing the property fronting on Atlin street, Tate avenue and Seventeenth street, this making a second circle in the district.

With these three, the main part of the area would be provided with roadways. In the matter of paying for these it was proposed that the property on each street mentioned should come within the scope of each of the bylaws.

To equip the section with

plankways, it was pointed out, would cost some \$35,000. To grade Second avenue in the section will take at least \$20,000, but a start can be made for \$5,000. The feeling is in favor of the grading of the avenue speedily so that so much of the permanent work may be done, especially on so important a thoroughfare.

As regards the payment for the improvements, it is felt that as expressed at a former meeting, there is little to hope for from the City Council, but the lot owners themselves will be prepared to give their personal notes to secure the bank in making the advances under the bylaws necessary, which it is felt the Council will not fail to put through under the pressure of the many powerful interests represented.

Petitions covering the various proposals made for the development of the section are to be circulated before next Wednesday, when the committee will report at another meeting on the manner in which the majority of the owners wish the work carried out. It is understood that M. Albert of the Westholme Company has a proposition which will facilitate matters. He is one of the largest owners of Section Two lots.

### POWER AND LIGHT

Supt. Matthews Reports on the Situation Today

Supt. Matthews, of the City light plant, announces today that he will be able to start up the day load on Monday. This means that power can then be supplied to consumers. Regarding the remarks made by citizens that more are lights are desirable throughout the city, the Superintendent says that at present the fifty lamp circuit available is taxed to capacity, and not until the council can order another fifty lamp circuit can extra arc lights be given.

Try the Royal Cafe Merchants' lunch.

### Social Function Last Night.

The Bucaneers Dancing Club gave one of their enjoyable events at McIntyre Hall last night. Among those who attended were: The Misses Dunn, Miss Brown, Nelson Dunn, Mr. and Mrs. Hugh Dunn, Fred Wallace, Graham Kearney, Frank Keeley and Mr. and Mrs. Bryant.

You will find the boot or shoe you want at Scott, Froud & Co.'s, 3rd avenue.

### ENJOYED AMATEUR NIGHT

Series of Successful and Appreciated Turns Put On.

Local talent again shone at the Westholme Theatre last night, and a full house doubly expressed appreciation of the amusing farce provided. In his imitations of Harry Lauder, correct as to costume and style, Jas. Kelly kept the fun going. The irrepressible Alex. Stowell again scintillated in star comedienne turns. W. R. Whitley was on the rampage again in side-splitting song and action, and as for Madame Squallino, they handed her lemons, but she roused their risible faculties to the pitch of hysterics. An amusing sketch taking off the la-de-da Englishman, was effectively rendered by G. S. Fitzmaurice and Mr. Whitley, to the amusement of both houses.

It will pay everyone interested to look over the large new consignment of ship chandlery at Howe & McNulty's, 2nd Ave. 11

### FREE! FREE! FREE!

A big beautiful 88 key electric player piano, worth \$1,200 given away to the pool players in the Basement pool room, Empress Theatre building.

## GOOD OUTLOOK AT TERRACE

Agriculture Activity at the New Town Promises Good for Present Year—Settlers Will Plant This Year.

That a large portion of the garden truck in the markets of Prince Rupert will soon begin to come from Terrace seems assured. The results of early efforts at raising all sorts of vegetables and small fruits at the new town, demonstrates the possibilities of this rapidly growing neighbor.

The tracts in Terrace have been sold in ten acre parcels, which is ample acreage for people with moderate means to profitably handle. For three miles on either side of the town settlers are clearing land and cultivation of their plots will be undertaken by many this year.

Terrace is one of the near agriculture points of Prince Rupert, and good progress and development is bound to come this year.

### NEW FACILITIES

The Westholme Lumber Co. have greatly increased their already large stock of building materials of every description and are even better fitted than ever to supply the trade. They will be pleased to submit quotations for any sort of materials and are in a position to quote lower prices than any Northern British Columbia firm. The large stock and increased facilities make it incumbent upon everyone interested in building to get quotations from the Westholme people before placing orders. 31

## INDIAN OUTLAWS KILL YOUNG CONSTABLE

Desperate Affair Occurs at Clinton, B.C.—Escaped Murderers Commit Their Third Crime

(Special to Daily News.)  
Clinton, B. C., May 4.—The closing of the assizes here today at noon was marked by a dramatic touch of local color. Two bad Indians, already outlawed, added another scalp to their belts. A young provincial constable named Kindness, who was on duty for a short term, was shot through the heart in the afternoon while endeavoring to capture the jail breakers, Moses Paul and Paul Spintlian.

These redskins were to be tried for the murder of a man named White last year. Easily some months ago they broke out of the old log jail and celebrated their freedom by first murdering the Chinaman who was the only eye witness of the original crime and who testified at the preliminary hearing.

A reward of \$1,500 was put on their heads by the authorities, but they were not captured. A posse of eight went in chase this

morning to where the Indians' horses were found, five miles from here. Constable Kindness was shot while trying to capture the horses, and Deputy Loring, his companion, was wounded. The posse remained on the scene and additional men have gone to effect the capture of the triple murderers dead or alive.
