IMMIGRATION MEANS INDUSTRIES

The question of factories and industries is being commented on in Vancouver journals, and the apparent lack of industries has been noticed by many who do not at first realize the substantial basis of prosperity in the west. The subject, in connection with labor, has been dealt with at different times, and is timely again now that immigration is steadily increasing. As pointed out before, industries and population work in together. It is impossible for manufacturers to be established on a large scale in a thinly populated country, for labor is expensive and difficult to get, transportation rates are high, since the business is limited, and there is no local market. With the incoming of the railways and an aggressive immigration policy, the outlying districts will become settled. In a few years, with the Canadian Northern and the Grand Trunk Pacific in operation, the vast inland district north of the line of the Canadian Pacific Railway, the present fringe of civilization, will have its thousands of people, where now there are none. With producers on the land, a market will not only be established, but the steady increase of population will supply the labor requisite for the adequate carrying on of large industries. These industries will not all be located on the coast, where fine waterpowers and cheap land offer inducements, industries will gradually be established. Even now the first are already there. It may be small towns will grow up around them, but the central points of activity will be the great coast cities, railway terminals and shipping points, which are growing in commercial importance as development and settlement proceeds.

At Prince Rupert the preliminary contracts have just been awarded for extensive docks, much rolling stock is being received for the new railway, and one or two sawmills are to be erected. Capital is being interested more and more, and representatives are constantly visiting the province in regard to investments.—Monetary Times.

But along the lines of railway and at various points on the coast, where fine waterpowers and cheap land offer inducements, industries will gradually be established. Even now the first are already there. It may be small towns will grow up around them, but the central points of activity will be the great coast cities, railway terminals and shipping points, which are growing in commercial importance as development and settlement proceeds.

At Prince Rupert the preliminary contracts have just been awarded for extensive docks, much rolling stock is being received for the new railway, and one or two sawmills are to be erected. Capital is being interested more and more, and representatives are constantly visiting the province in regard to investments.—Monetary Times.

REBUILDS LIVING FROM DEAD

Surgeon Says it is Possible to Graft Organs and Tissues from Bodies

Chicago, May 10.—Miracles of surgery which involve the dismembering of bodies to reconstruct the living are declared to be possibilities of the immediate future by Dr. Roswell Park, professor of surgery at the University of Buffalo. In a scientific article which dealt with his theories with a wealth of detail, Dr. Park told in the current number of The Journal of the American Medical Association how this could be accomplished.

His plan is to make practical use of the live organs that remain in the corpse of a man and woman. Since death may result from violent injury to one organ—the brain or heart for instance—

Dr. Park says that the remaining live tissues may be grafted on the body of an injured person with the same hope of success that Burbank exhibits in grafting a flower on a tree or a bush with which it has not before been associated by nature. In this nature, according to his statement, practically every organ of the body with the exception of a diseased part, may be used with good effect by practical surgeons.

Teeth, bone, flesh and muscles, he says, may be used in carrying health and renewed life to at least fifty patients by the use of only one body.

MONTREAL TUNNEL

Boring Right Under the St. Lawrence—Government Grant Asked

Ottawa, May 10.—Government guarantees of bonds of the Montreal Tunnel Company, to the extent of fifteen million dollars for fifty years was asked this afternoon by a large delegation from the south shore counties. The tunnel is proposed to be built under the St. Lawrence and the city. The Prime Minister promised immediate consideration. Joseph Rainville, M.P., and L. T. Marchand, K.C., were the spokesmen.

Modern Establishment

One of the business establishments in Prince Rupert that occasions considerable comment by strangers to the city is that of the Dominion Baths on 2nd Avenue in the Washington block. No more modern barber shop can be found on the coast and best of all the patrons of the place can always depend upon the most high-class expert workmanship possible. Messrs. Keef & Dorrell, the proprietors of the Dominion Baths, have always held to the motto "Service," and that they have carefully lived up to it, no person who has ever patronized the shop can deny. Plain, Turkish, steam and shower baths are specialties, and together with the six barber chairs, leave nothing to be desired in the way of equipment.

CANADA'S STEADY MARCH

Mention Made in London of The Daily News' Share in It

The Summer Business Issue of "Advertising," an English magazine published in London, England, devotes as many as 27 pages to a comprehensive and illustrated article on Canada as a field for British advertisers.

"Canada," says the editor, "is not booming; she is progressing. There is no rush to Canada; it is a steady march."

Province by province the chief commercial and agricultural characteristics are dealt with. A selected list of Canadian newspapers is included in the article, among which mention is made of the Prince Rupert Daily News as a lively newspaper, printing cable news and carrying whole pages for local advertisers, and growing daily in importance with the advent of the increased railway facilities.

A copy of the Summer Number of "Advertising," containing the article on Canada will be sent post free to any reader of the Daily News on receipt of four international postal reply coupons, value 20 cents. Canadian readers sending a dollar bill will receive six successive numbers of the magazine post free, direct from the head office, "Advertising," 401 Fleet Street, London, England.

"Me Too," Says Rupert. Ottawa, May 10.—A consignment of new Canadian five and ten dollar gold pieces just minted is the on the way to the receiver-general at Vancouver.

Try the Royal Cafe Merchants' lunch.

FOOTBALL SMOKER

An Excellent Success in the K. of P. Hall.

The smoker held by the Canadian Football Club in the K. of P. Hall on Thursday night was a huge success. J. H. Kelly, president of the club occupied the chair, and was supported by M. J. McNeil, president of the St. Andrew's Society and J. Currie, Vice-President.

The chairman opened with a few remarks on the success of the soccer game in Rupert, and thanking the great number who were helping along this sport, also the business men who had been kind enough to contribute to the refreshments. If members and enthusiasm go for anything it looks as if football is going to be a leading amateur sport in Rupert.

The following gentlemen took part in the musical programme, which was carried on till the small hours of the morning, and ended with the singing of Auld Lang Syne: Comic songs by Messrs. McLean, Jas. Kelly, Barker, Killin, Little; recitation, Mr. Ault; violin solo, Mr. Bremner; speech, Mr. Bell; song, Messrs. Youngman, Clapperton, Kerr, Gauld, Gibson and Fletcher; bag pipe selections by Piper McLeanman. Mr. Kaufman acted as pianist.

A football practice will be held tonight at 7:30 p.m., 2nd Ave. grounds. After the game a meeting will be held in the Western Plumbing Co.'s office at nine o'clock for the purpose of making arrangements for sending a team to Terrace on May 24th. All football enthusiasts are invited to be present.

HOSPITAL TEA

Pretty Function Held Thursday Afternoon

Whenever the ladies of the Hospital Auxiliary get up an entertainment success goes with it as a matter of course. Thursday afternoon in the Knights of Pythias hall a charming afternoon tea was held at which the whole of Prince Rupert society was well represented. Lovely flowers adorned the tables, and a number of daintily dressed ladies, as well as nurses served tea, etc. Mrs. Angus Stewart, President of the Ladies Auxiliary, with its other members tactfully and acceptably saw to the smooth running of the function.

Those who assisted were: Mrs. Hugh Dunn, Mrs. News, Miss Newton, Miss Isabel Newton, Miss Mercer, Miss Phyllis McGoskrie, Miss Alder, Miss Genevieve Macdonald, Miss Du Verney, Mrs. Ward, Mrs. Holby, Miss Marguerite Young.

To the musical programme Mrs. Carpenter, Miss Holby, Mrs. Norman Macintosh, Miss Dinneen and Miss Helen Hawley contributed solos, and Mrs. N. M. McNeill and Mrs. Hubert Ward piano selections.

For men's fine shoes in the latest styles see Scott, Proud & Co., 3rd ave.

FIND \$1000 IN TIN CAN

Laborers Working on Senator's Farm—Allowed to Keep Money

Plainfield, N.J., May 10.—Two laborers, employed in cutting a street through the farm of U. S. Senator Martine, near here today found a tin can that contained \$1,000 in greenbacks.

The finders were William Myers, a negro, and Pasquale Delato, who equally divided the prize between them.

There was nothing to show who buried the money, and the finders were allowed to keep it.

WATER NOTICE

FOR A LICENCE TO TAKE AND USE WATER

NOTICE is hereby given that the Queen Charlotte Fishing Company, Limited, of 207 Carter-Cotton Bldg., Vancouver, B.C., will apply for a licence to take and use four cubic feet per second of water out of Edward Creek, which flows in a south-westerly direction through unsurveyed Crown lands and empties into Two Mountain Bay near Tassoo Harbor. The water will be diverted at Third Falls and will be used for industrial purposes on the land described as shown in sketch at Water Recorder's office, Prince Rupert, and situated on the East Coast of Two Mountain Bay.

This notice was posted on the ground on the 10th day of April, 1912. The application will be filed in the office of the Water Recorder at Prince Rupert. Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.
