

FIRST FULL STRENGTH MEET OF THE PARK COMMISSIONERS

ARRANGEMENTS MADE FOR CARE OF THE NUCEUS ZOO AND
CONSTRUCTIVE PLANS DISCUSSED FOR PARK LAY OUT
AND SHRUBBERY PLANTATIONS SHORTLY.

On Saturday afternoon Prince Rupert's park commissioners will go over the ground on Acropolis Hill to consider the feasibility of laying out recreation spaces shortly. Meanwhile the secretary of the commission is to communicate with park commission secretaries at various coast and Canadian points for information regarding the leasing of park lands to athletic and other recreation associations. A committee consisting of Alderman Bullock-Webster, Alderman Dymally and Commissioner H. P. Wilson will interview the secretary of the commission to ascertain their proposition for the making of tennis courts.

From the Dominion government experimental stations will be secured specimens of trees and shrubs suitable for planting on the park area at Prince Rupert's disposal, also seeds and roots of bedding plants and flowers which will be tested here. Commissioners Kerr and McLeod as a committee will consult with those citizens who have expressed themselves willing to purchase debentures toward the provision of a public recreation park on Acropolis Hill, and will report to the park commission on Monday at 7:30.

Votes of thanks were recorded by the secretary to Mr. Stanley Kevin Smith for his gift of a young deer for the nucleus park zoo, and to a well known lady for a generous offer to attend to the little creature for one year gratis provided it is properly penned and housed on Acropolis Hill and that food is supplied by the board. Commissioner Clements is going to provide the fencing and shelter for the specimen.

The park commission met for the first time as a complete board in the city hall last night, its members being Alderman Kerr, Alderman Dymally, Alderman Bullock-Webster, Mr. H. P. Wilson, Mr. F. S. Clements and Rev. W. H. McLeod.

GRAHAM ISLAND OIL DEVELOPMENT

Companies Prosecuting Development in Vigorous Fashion—
Small Flow of Oil Encountered—
More Drills Going In

J. E. Purcell, connected with the Naden Harbor Coal and Oil Development Co., is in the city. Mr. Purcell states that the company is employing eight men on their coal areas at Naden Harbor. They are engaged in making ready for the oil and coal drilling machinery which is expected to arrive about the first of June. Camps and a floating wharf have been built, and as soon as the drilling machinery arrives rapid progress will be made towards development. The company owns some 90 odd coal claims, in what experts believe to be the most likely location on Graham Island. A four foot outcropping of coal at tide-water is visible on one of the claims, and that the properties will develop into regular shippers of coal and petroleum is confidently expected by the owners. The officers of the company are George Rae, president and managing director; F. G. Walsh, secretary, and Stanley Henderson, John Judson Ryan, James S. Taylor and H. A. Bell, directors. The company is not offering its stock for sale.

Mr. Purcell also states that the B. C. Oil Fields, Limited, are engaged in drilling for oil on the west coast of Graham Island and have encountered a small flow of oil at a depth of 1,000 feet. Experts, Mr. Purcell says, declare that at from 1,200 to 1,500 feet a flow of oil in commercial quantities can be expected. Day and night shifts are employed and the company is developing its property in a systematic and business like manner.

A Lesson in Patriotism.

How the cinematograph or scroiled moving pictures may become an important adjunct in the development of patriotic sentiment is clearly illustrated in the beautiful film entitled "A Pageant of Empire," which will be shown Friday night (Empire Day) at the Westholme Opera House in connection with the regular amateur performance. The Pageant of Empire will also be given on Saturday, May 25th, with an entire change of program.
