AMESSAGE

The residents and business men of the Bulkley Valley extend warmest greetings to the people of Prince Rupert and Terrace on the occasion of the opening of the Skeena Highway. We invite you to visit us at your convenience.

The way is now open for more personal and closer relations between the people of the Coast and the Interior, and we hope that the day is not far off when the opportunities offered by these districts are fully realized.

The opening of the Skeena Highway is one more step towards the development of the forgotten "Empire of the North."

Greetings

The Commissioners of the Village of Smithers extend greetings to the residents of the City of Prince Rupert and the Village of Terrace and those living west of Hazelton on the occasion of the opening of the Skeena Highway. The realization of this long-sought after connection between the Coast and the Interior will bring the residents of these two districts closer together and will result in greater co-operation in the development of this vast Empire.

When the war is finally won we hope to see Prince Rupert attain its rightful prominence as a leading world seaport, and gain its full share in the post-war shipping trade with the Orient. The development of the Interior depends on that of Prince Rupert, and forward looking business men of the hinterland are working for a common prosperity in the future.

L. M. GREENE

G. H. GAZELEY

O. H. HOSKINS -Commissioner.s

Greetings

The Smithers and District Chamber of Commerce extends felicitations to the people of Prince Rupert and Terrace on the opening of the Skeena Highway, which event now offers easier commuting between the Coast and the Interior. We hope that this will be the beginning of a closer bond of friendship and of greater co-operation in boosting the benefits of our two districts.

The Chamber of Commerce invites our friends to the west to take advantage of the many wonderful holiday attractions in the Bulkley Valley and surrounding district. The opportunities for swimming, hiking, fishing and hunting are unlimited and the ever-changing beauties of our mountain scenery are unsurpassed.

The residents of the Interior welcome the opening of the Highway as an opportunity to spend the oceasional week-end with their friends in Terrace and Prince Rupert.
