SEEDING HAS PROGRESSED

> Little Germination-Better Weather Needed

WINNIPEG, May 19 - Rapid progress has been made with seeding this past week as dayand very little germination has weekly crop report of the Department of Agriculture of the Canadian National Railways. Wheat seeding varies from 85 percent completed in some parts of south central Albert to less hall was reserved for dancing than 10 percent in the lower lying lands of the Red River Valley.

The majority of districts now need warm weather to permit completion of seeding and to start germination. Other districts, south and west of Regina artificial, were in prominence all for instance, require rains to assist seeding sprouting. Weathsome 25 bewhiskered natives er during the next ten days gathered in front of the camera | will largely determine the actual reduction in wheat acreage.
