C.C.F. Candidate Holds This Out to Skeena Voters at Meeting in Smithers

Miss Patterson voiced her

amazement about how little

people knew about Canada and

Following the crowning of Miss

SMITHERS, Oct. 1 — Speak-Miss America" fitle accord- ing at a provincial election campaign meeting here this week, Floyd Frank of Terrace, C. C. F. candidate for Skeena, emphasized the value of the co-operative movement and pledged himself to work toward the building up of an extensive co-operative along the railway line in the central interior. He also advocated a publicly-owned abattoir for this part of the country. Mr. Frank charged the present government with lack of planned policy for the development of public utilities such as roads and electric light and power. He saw tremendous possibilities in mountain streams for the development of hydro-electric power.

Miles Buchanan, a Saskatchewan M.L.A., who spoke in support of Mr. Frank, said that, while his province did not possess nearly the resources of British Columbia, yet, under a C.C.F. government, it had outstripped every other province in the Dominion in social services and public welfare. It had given security to farmers and laborers, at the same time reducing the public debt and improving the financial position of the province. It had been the first govern-, ment to implement pre-election pledges.

The meeting was held in the Anglican Hall and was presided over by J. Briggs, president of the Smithers C.C.F. Club. A substantial collection was taken up prior to the question period after which the speakers left for Telkwa to continue the campaign.

Father Fabre Being Replaced By Rev. A. Racette of Prince Rupert

TERRACE, Oct. 1 (Special to Daily News)-Parish priest at Terrace for the last seven years, Rev. Father Fabre O.M.I. leaves on Tuesday for Edmonton, returning to serve in his former Oblate province of Alberta. His record as parish priest earned nim a host of friends in the Terrace district.

Replacing him is Rev. Father A. Racette of St. Joseph's Academy, Prince Rupert.

Under Father Fabre the Catholic Church at Terrace progressed markedly. During his pastorship the church was enlarged to its present attractive proportions and design and the church grounds underwent pleasing improvements. An outstanding project was the construction of a basement under the rectory. Used as a parish hall it is of 34 by 40 feet dimensions and was excavated and constructed by the voluntary labor of the parishioners just prior to the war.

Parochial financial accounts reached a new high mark during Father Fabre's administration and this year saw a record number of Easter communions of permanent residents of Terrace. Following the announcement of his departure, members of the Terrace Catholic parish expressed themselves as deeply indebted to Father Fabre as a worthy and devoted priest.
