

"I'LL TELL YOU WHY I LIKE STATE EXPRESS"

"I like State Express cigarettes because they satisfy my smoking taste in every way.
They are pleasantly smooth . . . but . . . not too mild.
They are always fresh . . . that's why I enjoy their flavour to the fullest.
They are firmly packed and do not stick to my lips. State Express cigarettes have won me over completely."

Block of National Film Board Here Being Increased in View of Popularity of Service

Service of the National Film Board in Prince Rupert is proving so popular that A. M. Wilson, field representative of the Board with headquarters in Prince George, has decided to recommend that the block of films to be made available here monthly be increased from ten to forty. Mr. Wilson is leaving Monday on his return to Prince George after spending the past few days here on official business.

Distribution of films here is handled by the local Film Council of which Sgt. L. A. N. Potterton, provincial police, is president and the public library is the distribution centre. Here the films are available for the use of some sixty local organizations which are members of the Film Council. The stock of films is completely changed every three months.

The picture season is on again and there is every indication that coming months will exceed the previous high month, May of this year, when there were thirty showings of film to a total of 1500 persons.

A new development here is the co-operation of the Indian Department in the distribution of film to such places as Port Simpson, Stewart, Alice Arm, Butedale, Port Edward and Miller Bay. For these outlying coastal points a projector has been made available.

WHEN YOU BUY A WATCH

Keep this in mind—you mustn't expect to get something "high grade" unless you pay a decent price.

By a "decent price" we don't mean that you really must pay a lot of money. Watches haven't advanced as much as lots of other things.

At least ours haven't—we bought the bulk of our stock quite a while ago. Railroad watches have actually been selling as low as before the war.

But for a reliable watch it isn't safe to go below \$30.00 to \$40.00.

If you come here that much will get you a watch good for 15 to 20 years.

If you've been thinking of watches even a little bit, it's time you called on us.

to announce that, starting immediately, all gas sales and service jobs will be on a cash basis unless arrangements are made in advance for credit. The same regulation that has been in effect in interior points for the past year.

fact that all wholesale houses as well as the oil companies are tightening up on their credit has made it necessary for us to follow the above regulations if we are to remain in business.
